#### 4.2. The most important acute and delayed symptoms and effects of exposure

- In case of contact with hot product, it can cause burns

- In case of ingestion: nausea, diarrhoea

#### 4.3. Indications for any immediate medical attention and special treatment

No data

### **Section 5: Storage and handling**

#### 5.1. Precautions for safe handling

No special precautions. Avoid getting the product into eyes and mouth

#### 5.2. Conditions for safe storage, including information on any incompatibilities

Store in original, tightly closed packages in a cool and dry room. Store at temperature: 10-25°C

### **Section 6: Special protection information**

6.1. General control parameters: no data, not required

6.2. Respiratory protection: not required

6.3. Hands protection: not required.

6.4. Eyes protection: not required, avoid contact with eyes

6.5. Skin protection: not required

### **Section 7: Physical and chemical data**

#### 7.1. Information on basic physical and chemical properties

Appearance: White thick emulsion

Odour: Distinct scent, sample compliant. Shelf life (from the date of manufacture): 24 months

### **Section 8: Stability and reactivity**

#### 8.1. Reactivity

No data available

#### 8.2. Chemical stability

Maintains stability under recommended conditions

8.3. Possibility of dangerous reactions No data available

8.4. Conditions to avoid High temperature, sources of fire and ignition

8.5. Materials to avoid No data available

8.6. Dangerous decomposition No data available

**Section 9: Toxicological information**

9.1. Skin irritation: The product is not irritating to the skin

9.2. Eyes irritation: The product is not irritating to the eyes

**Section 10: Ecological information**

No data

**Section 11: Disposal management**

11.1. Waste disposal methods

Product: in accordance with applicable legal regulations

Packing: in accordance with applicable legal regulations

**Section 12: Transport information**

Transport should take place in bulk packaging, protecting the unit packaging from damage

**Section 13: Regulatory information**

13.1. Safety, health and environmental legislation specific to a substance or mixture

N/A

13.2. Chemical safety assessment No data available
